## LINEN STORIES 5.0

---

FROM FLAX TO LINEN  
SINCE 1956

We are Verilin,  
We tell tales of flax,  
We spread stories of linen.

Verilin has been producing luxurious and highly durable linen for the home and hospitality sector since 1956.

From the very beginning, Verilin has opted for the highest quality – an intrinsic value which still remains the company's motto today. A combination of tradition, craftsmanship, innovation and creativity has made the Kortrijk-based manufacturer one of the world's foremost producers of luxury linen products.

Verilin manages to push the boundaries with a product that has been anchored in Flemish culture for centuries. The craftsmanship and innovative drive of Verilin have brought international recognition for the company's creations. More recently, Verilin has also positioned itself as a provider of high-grade customized products: any linen dream can now become reality, thanks to a high-tech machine park combined with the professional craftsmanship in the workshop. Also unique is the fact that the whole production process, from weaving to finishing, still happens on-site under their own management. All customizing work is done in-house in Belgium.

Timeless architecture since 1993.  
Furniture from More, Hamburg.

Furniture can be beautiful, well-made, or practical. But only once we have given them meaning, they truly are valuable to us, as they become a self-evident part of our lives. That is our aspiration at more.

## CC-TAPIS

BORN IN FRANCE.  
DESIGNED IN MILAN.  
PRODUCED IN NEPAL.

Founded in 2011 by the traditional Persian house Maison Chamszadeh, cc-tapis is led by a commitment to exploring innovations in new approaches to traditional carpet-making methods. The incorporation of undyed raw materials, original weaving patterns and an eco-friendly approach are central to the brand's process.

Far from mass production, cc-tapis aims to offer a tailored service to those who understand and enjoy a high-end product, where a three month production time contains a story of ageless culture.
