"Als ambachtelijk porselein en verfijnd interieurontwerp elkaar ontmoeten, groeit er een tijdloze dialoog. Tussen het karakter van ons maatwerk en het poëtische blauw van Piet Stockmans ontstaat de kunst van het thuiskomen." Karo Deroover

"We use the plates because they provide the perfect frame for our dishes. It is simply our first choice when it comes to staging our compositions. I am so glad to have met Piet and Widukind, and I always look forward to visiting them in Genk, where I can browse and discover beautiful new items. The porcelain allows a maximum of creativity, which makes it something special." Thomas Bühner

"La pureté de la vaisselle Stockmans permet d'exprimer avec force l'esprit de mon travail. La porcelaine Stockmans semble simple et pourtant le génie de Monsieur Stockmans s'exprime dans chaque pièce."
